

Petra Pauly

Dear British citizens,

March the ninth a new mayor will be elected in Schlangen. As citizens of the European Union, you are allowed to take part in this election. But it is necessary to make an application to the community. On my opinion, it is important that you make use of your democratical rights.

My name is Petra Pauly, I am 45 years old and I run for that office. I am married and I have two adolescent children. I am living in Schlangen my whole life and the development of Schlangen is close to my heart. Since 1989 I have worked in civil services. From 2000 till 2003 I had the fiscal authority for my home-town and I was the deputy of the then-mayor Werner Schmidt. Since 2003 I am busy as an auditor in North Rhine-Westphalian's towns and now I would like to give my special experiences back to my home-town.

One of my special aims is developing the childcare in our Kindergartens and our schools. Encouraging the community is another important objective. Moreover we must also consolidate our financial resources.

I apply to you because I would like you to feel involved in political life in Schlangen.

Please go to the guildhall and ask for the form to be able to vote for a new mayor. Join the election and make your own choice.

Yours
